

CARM R2 FINAL IMPLEMENTATION RELEASE SCHEDULED FOR MAY 13, 2024

As an importer it is crucial that you register for the **CARM** Client Portal, and delegate authority to **Trillium Customs Brokers**, before CARM's blackout period goes into effect from

April 26 to May 13, 2024.

Those who register, will also be able to take advantage of the 180-day grace period to secure a bond. This will allow you to receive your goods after release by the CBSA and before the payment of duty and/or tax. After the 180-days transition period, importers who want to participate in the Release Prior to Payment (RPP) program will be required to post their own financial security.

Your business account within **CARM** will avoid any interruptions with the importing of your goods as importers may not be able to present for release import declarations after May 13, 2024 **without** registering.

Register your business account as soon as possible to avoid any interruptions with the importing of your goods.
